

L LUMBER

We have a wide range of unprocessed lumber with unique character and natural beauty. Every piece is different, can come in a variety of colours, knots, texture and grain patterns. Some may as well have holes from insects, nails or bolts.

Naturanexa stocks and source a wide range of lumber in a variety of sizes and shape to meet all your structural and decorative needs.

You are welcome to take a look in our yard to see what's in stock!

Available profiles

Reclaimed wood is a natural product with unique characteristics and is non-uniform.

1

Species

Ulin

Suitable for usage on exposed external surfaces

Possesses the toughness and natural toughness to survive the severe outdoor conditions

2

Finish

Rustic

You have the option of leaving character woods as-is or having them de-nailed, wire brushed and pressure washed

Smooth

Used to apply materials more uniformly. Matching grain plugs are used to fill holes, which are then sanded from 80 grit up to 240 grit

3

Pick the dimensions

Option 1

We leave it purely raw to be used as such or you process it on site

Option 2

We cut to your exact measurements or as closely as possible and you cut the ends on site

4
